PATH LOS ANGELES' STORY

PATH's mission is to end homelessness for individuals, families, and communities. We do this by building affordable housing and providing supportive services throughout California.

PATH began serving the Los Angeles community in 1984 when a group of neighbors on the city's Westside committed to supporting people experiencing homelessness. Since then, we have grown to become one of the state's most impactful homeless service providers, working in collaboration with our affordable housing development arm, PATH Ventures. PATH provides interim and affordable housing, along with supportive services through a wide variety of programs, including connections to physical and mental healthcare, substance use treatment, and employment support. Wraparound services include outreach, case management, housing navigation, rapid re-housing, supportive housing, and homelessness prevention. From outreach to housing, we help individuals, veterans, and families across Los Angeles County make it home.

SERVICES OFFERED

- Outreach
- Interim Housing
- Housing Navigation
- Rapid Re-Housing
