

Impact Statement Overview 2021

PATH's mission is to end homelessness for individuals, families, and communities.

PATH SERVES
16%

of the state's homeless population in **150 cities** with over **60 locations**

PATH'S COMMITMENT

Since our founding in 1984, PATH has created innovative and productive strategies to assist people experiencing homelessness. Our agency is one of the largest and most impactful homeless service providers in California.

PATH operates services throughout California, connecting our unhoused neighbors to a comprehensive service that meet people where they are. These services consist of homelessness prevention, street outreach, employment preparation and placement assistance, individualized case management, Veteran services, family services, primary health care connections, independent living skills, mental health counseling, substance use treatment, community workshops, interim housing, and permanent supportive housing.

OUTREACH

- Broadened our outreach services throughout the **City and County of San Diego**.
- Launched a partnership with the **San Diego River Park Foundation**, an environmental research group to assess the relational impacts between homelessness and natural water.
- New initiatives in **Los Angeles** with Council Districts and local businesses to engage holistically with their unsheltered neighbors.
- Started a neighborhood outreach program in **Santa Barbara**.
- Expanded our street outreach team and storage capacity in **San Jose**, with the **County of Santa Clara** focusing on vaccination education.
