

Rose and Rosie are home for the holidays!

This holiday season, there are many ways be part of the solution.

Rose experienced homelessness for over 8 years, living in her car, tents, and shelters with her daughter Rosie. Rose was connected to PATH, where she was given a stable temporary home at Evans Lane, our interim housing community in San Jose. With PATH support, she secured a housing voucher and a new apartment. Thanks to community donations, she was able to furnish her apartment and provide Rosie with new toys and a new home this holiday season.

Whether you give time as a volunteer, donate critical goods for our participants, lend your voice as an advocate, or generously give funds – **YOU** are part of the solution to our community's homelessness crisis.

TODAY**

VOLUNTEERS NEEDED!

During the holidays, PATH stays busy moving families, Veterans, and chronically homeless individuals home, but we couldn't do this work without our amazing volunteers. Join us this holiday season by volunteering and supporting your local community in need.
